

Haddon Township Little League

“Play Up” Policy

Haddon Township Little League recognizes the need to keep players interested in the game and accommodate those children whose skills and/or interest may progress more quickly. In response, we will allow players to move up a level upon written parent request under the following circumstances:

- only player ages 6-8 may play up a level
- players must complete one year of TBall in Haddon Township before they can request a play up
- players who move up a level must repeat a level at some point before they reach the Majors Division (10-12yr olds) as we do not allow play ups to this level
